

Councillor Alan Hall

Steve Kavanagh
Chief Executive
Millwall Football Club

Dear Steve,

Riverside Community Club Hub

I am writing to implore you to use all your good offices to support the bid to improve, invest and transform the Riverside Youth Club in Deptford into a thriving Community Club Hub.

I understand that a partnership scheme with Youth First – Lewisham's mutual youth service, Lewisham Council and Millwall Community Trust could lever in significant funding from the Football League and the Premier League's Communities Strategy. Indeed, this scheme would improve the quality, participation and diversity of the current youth provision. It is no exaggeration to say that this bid could have a significant impact on the lives of young people in Deptford and change them for the better.

For that reason, I am prepared to work tirelessly to support this scheme and work closely with MFC to bring it about. Of course, I do understand that the Club is concerned about its future in Lewisham but this would demonstrate how important it is to our community. I would ask you and the Board of Millwall Football Club to fully support Riverside Community Club Hub in the interests of all our futures, the young people of Deptford.

With kind regards,

A handwritten signature in blue ink, appearing to read 'Alan Hall', written over a light blue circular stamp.
